2020 was particular in many ways. With Covid-19 being declared a global pandemic, all activities were initially put on standby. Some could adapt to the new situation with others having emerged to react to the new needs. Generally speaking, the focus of the ITTF Foundation shifted to online campaigns, as is the case with communication in general, online fundraising and digital coaching within the supported projects.

**Change of plans**

While all our Dream Building projects were on standby since March 2020 due to international restrictions and local lockdowns, some could thankfully #ReStart in the 2nd semester of 2020. During the restrictions, not even a single one put their rackets down. We stayed close to our very motivated project leaders who managed to keep their local participants active through utterly creative ideas. While some keep playing outside in very reduced, even familiar groups, other used modern technology to train online. Even if not the true table tennis spirit, the new digital era showed very positive outcomes in terms of networking. Projects that were not in touch were able to share coaching sessions and experiences, and set basis for long-term partnerships.

**Tables 4 All** was supposed to launch the first handcrafted table tennis building courses. An impossible undertaking, but preparations were done in a very detailed way in the background to #ReStart in 2021 as soon as possible.

**Parkinson’s World Table Tennis Championships** had to be postponed since participants constitute one of the highest risk groups.

**Achievements 2020**

Standing in solidarity through Table Tennis was more important than ever during 2020. The Fundraising campaign #TableTennisUnited was created to stand united in solidarity with all those table tennis community members most in need due to Covid-19!

**World Table Tennis Day** changed to World Table Tennis “at Home” Day with players participating from over 75 % ITTF Member Association countries or territories. Promotion for April 6 2021 started in October 2020, aiming at easing access for female players to table tennis.

**Our Governing Board** received a refreshment with the co-optation of Her Royal Highness Princess Zeina Rashid of Jordan. The 32-year-old and former tennis player and Olympian is “excited to have the opportunity to give back to the sport that has set [her] life on its current trajectory.”

More diverse communication campaigns were set up in 2020 with the main aim to inspire and motivate others. Such is the case of the Inspirational Women Series, the Changemaker Stories and Stories of Change, as well as the new format of presenting the Foundation in form of online seminars and be accessible for the community through live question and answers.

All in all, 2020 was different than expected. The ITTF Foundation did not stand still. It accepted the given challenge and turned it into opportunities.
Leandro Olvech  
ITTF Foundation Director

Every ball we played came back with a different spin in 2020. It was a challenging match for all our stakeholders on the field and in the offices. I am proud of how every single person in this big arena showed their utmost commitment. Everyone kept their rackets raised and adapted quickly to new situations. Even if many initial plans changed, the ITTF Foundation stood together in solidarity. New challenges are an excellent learning platform.

Our support in terms of funding was limited in 2020, but we could still guide our projects and inspire our community.

We even had to widen our range of activities; after careful deliberations, we supported multiple project participants’ families in their basic needs. This one-way support is not our usual way of working, but we aim at being close to people and must react when extraordinary circumstances make it necessary.

I am thankful to ITTF for guiding and working closely together with us to find joint solutions in these difficult times. I am grateful to our Governing Board and Board of Trustees who demonstrated taking the right decisions for the best of our work, and I am indebted to my engaged team which showed the right attitude and strong dedication to our cause.

Thomas Weikert  
ITTF & ITTF Foundation President

One of the most powerful capacities a foundation needs is understanding the specific situation of its community and knowing how to strengthen the bond that links its members.

Our community loves table tennis and is committed to use it for purposes of development and peace. This community is marked by the common wish to stand together in solidarity.

With all the restrictions that 2020 brought us, we could still experience the union that binds us together, clearly demonstrated through our #TableTennisUnited campaign raising funds within our community to support those most affected by Covid-19.

I am happy that even under these difficult circumstances, we could support those ITTF member associations most affected by natural and man-made disasters in 2019 and 2020: Iran after the floods in 2019 and Lebanon after the devastating explosion in 2020.

A highlight for the future direction of the Foundation was the co-option of Her Royal Highness Princess Zeina Rashid of Jordan onto our Governing Board. Her positive attitude and expertise is a valuable contribution to our existing board. Welcome Zeina!

While 2020 was far different from what we wished it to be, the pandemic did not hold us back. It taught us to focus on human relations in the micro and macro level. It is by standing socially together that we will prove this point.

The cooperation between people will always be the future, and I am glad that you are a part of it.

Our Vision

We want to become a world leader & role model in positive social change through sport.

Our Mission

Using table tennis as a tool for development and peace by connecting people all over the world, implementing or supporting projects in the field and empowering them to serve as role models; making table tennis popular, universal and inclusive.

Solidarity Through Table Tennis!
The supreme body is legally responsible for the ITTF Foundation. It consists of four to eight members, three of which are permanent ITTF positions ex officio, namely the ITTF President, the Chief Executive Officer and the Vice President in charge of Development. The fourth member is designated as Managing Board Member (ITTF Foundation Director) and elected by the Governing Board members for a 2-year-term. The Governing Board determines the strategic direction, takes decisions and oversees the activities of the Foundation. It meets at least twice a year in person and stays in regular contact via digital media during the rest of the year.

With the co-option of HRH Princess Zeina Rashid of Jordan in 2020, the Governing Board has five members with different portfolios assigned to each.
The controlling body of the ITTF Foundation consists of at least two, and no more than eight trustees. Two seats on the Board of Trustees are filled by the ITTF Vice President for Finances, ex officio, and the ITTF Vice President of the Ethics Commission, ex officio. The trustees elect a chairperson from their members for a 2-year-term.

The Board of Trustees advises to and supports the activities of the Governing Board. It supervises the Governing Board, decides on its reduction or expansion and reviews the annual accounts and the report on the fulfilment of the Foundation’s mission. It meets at least once a year in person.

**Petra SÖRLING**
Chairperson
ITTF Vice President for Finances

In the ITTF family, our well-known vision is “Table Tennis For All for Life” and our foundation is a very important step and one tool to work on the long term sustainable mission to achieve our vision and make it last forever.

**Nestor TENCA**
Trustee
ITTF Vice President in charge of Ethics

The value of the ITTF Foundation resides, comparing it with other foundations, in the ITTF’s experience and, in fact, the Human Resources supporting, for years, programmes with high social and inclusive content.
AMBASSADORS

Our ambassadors help us to raise awareness of our cause. They were already linked to our concerns, even before the idea of the ITTF Foundation was born. They represent us with passionate and keep the radar on for new ideas and networking.

Thank you...

- Founder of the French non-governmental organisation “Ping Sans Frontières” (Ping without Borders) which aims to develop table tennis as an educational support globally
- ITTF Development established a partnership with “Ping Sans Frontières” in 2011

I support the ITTF Foundation because I have seen the real impact our programmes are having around the world. I also fully adhere to the values defended by the ITTF Foundation that are, moreover, fully embodied by the whole team.

Serving something bigger than yourself and trying to have a positive impact on people’s lives are things that, in my opinion, give meaning to life.

Being involved with the ITTF Foundation is just that. Solidarity through table tennis has a real meaning. By getting involved with and for the ITTF Foundation, we are taking concrete action to bring the motto to life.

- Bachelor of Sports Marketing and Master of Social Physical Education at Kyonggi University (Republic of Korea)
- Member of the International Olympic Committee
- President of the Korean Table Tennis Association
- Member of the ITTF Athletes Commission and ITTF Executive Committee
- Athletes Role Model for the 3rd Youth Olympic Games in 2018

ITTF Foundation was successfully established to provide support, not only to promote our sport and its benefits to a broader and more diverse public, but it also fosters development through the sport. As an athlete representative, I am happy that the Athletes Emergency Fund exists, it was implemented in collaboration with the ITTF Athletes Commission to support international players. I am delighted to promote the vision of the ITTF Foundation, so that every athlete can receive full support and be dedicated to solidarity through table tennis.

Players still don’t exactly know which role the Foundation plays. To get involved with the ITTF Foundation, all the stakeholders should actively engage to establish a connection between players and the ITTF Foundation to promote mutual interaction.
MANAGEMENT TEAM

The daily operators work closely together with the Governing Board. They execute its decisions and also submit proposals. They are the ones behind the screens, on the phones or multiple messenger services, and where necessary and possible, they travel to meet you in person. The management team operates from their headquarters in Leipzig, Germany, a fast-growing and vibrant international city. Not only do they exist to run the Foundation in the very best way, but also to listen to you and share the reality of the world with the decision-makers.

Don’t hesitate to get in touch!

The ITTF Foundation is a legally independent organisation, based and governed by German law. Nevertheless, the link to both, the founder “International Table Tennis Federation” (ITTF) and “World Table Tennis” is very close and multiple topics are executed in best collaboration.

**ITTF GROUP**

**#TableTennisUnited**
Close cooperation on planning, promotion, funding as well as in the successful candidates’ selection.

**High Performance & Development**
Close working environment particularly with our multiple and grassroots-oriented projects, such as World Table Tennis Day, Dream Building projects or Tables 4 All. Together we strive for more female empowerment within Table Tennis.

**Finances**
The ITTF Foundation’s audit is consolidated into the activities of the ITTF in Lausanne, Switzerland together with International Table Tennis Federation Asia-Pacific Ltd, Singapore (ITTF Singapore), International Table Tennis Federation North America, Canada (ITTF North America) and World Table Tennis Pte Ltd, Singapore (WTT).

**ITTF Athletes Commission (AC)**
Foundation financed and AC handled fund for athletes in emergency cases related to illnesses and accidents.

**ITTF Member Relations Department**
Close cooperation within the Emergency Relief Fund, a source designed for ITTF members suffering from a disaster caused by nature or human origins.

**ITTF Operations**
Shared software
Human Resources Management

**ITTF Communications**
Keeping our fans happy sharing related contents where useful.

**ITTF / WTTD Marketing**
Close cooperation on aligning marketing strategies.
Programmes & projects
Table tennis is an ideal sport to attract people of all ages, irrespective of gender, cultural and social background or physical ability. It is a very healthy leisure activity with multiple benefits, both for physical and mental health. At the same time, it is fun.

The ITTF Foundation works through **FIVE PROGRAMMES** using these characteristics, not only to promote our sport and its benefits to a broad and diverse audience, also to foster development through the sport; this means using the sport as a method of attracting more people to play and working with them on different topics to improve their daily life.

While the programmes are strategic directions we move to, it’s the **PROJECTS** and their participants giving them life. It is only thanks to the commitment of many people believing in a better world through table tennis that we can execute our projects and consequently reach the strategic aims of our programmes.

### Overview – Goals

The first ITTF Foundation strategic plan was ambitious and did not foresee a worldwide pandemic. Even if not all goals could have been achieved, we are proud of the development of the ITTF Foundation within its first two official years.

Covid-19 Update

When Covid-19 was declared a global pandemic in March 2020, all planned activities were cancelled or postponed. With most planned and potential sources of income could not be used to its capacity resulting in a lower financial capacity than foreseen, it is worth to mention the achievements besides all the obstacles.

**Location(s)**
Za’atari, JORDAN

**Status**
Ongoing

**Start date**
April 2018

**End date**
April 2021

**Project description**
Table tennis activities in the 5 districts of the camp. More than 146 (boys and girls) are attending the trainings. From Sunday to Thursday, 2 coaches who passed the Level 1 course are coaching the boys in the morning and the girls in the afternoon.

**Aim**
Using table tennis to promote individual and social change inside the Syrian Refugee community in Za’atari. Increase cooperation and strengthen social cohesion through table tennis between Syrian refugees and Jordanian people.

**Target group**
Syrian Refugees and Jordanian Community

**Partners**
UNHCR, Peace & Sport

**Sponsors**
Nittaku

**Awards**
Shortlisted for the Sports Business Award in the category “Best Community Scheme” 2019

**Overview 2020**
This was an extremely restrictive year in the Za’atari Refugee camp. It was meant to be a year focusing on inclusion within the program, focusing on persons with disabilities and girls as well as between refugees in the camp and the Jordanian community via a Jordanian table tennis club. The ITTF Foundation trip in March 2020 was indefinitely postponed and so were activities for most of the year.

For the first part of the year, the project was on track: January-March, Noor, the coach in charge of persons with disabilities and girls’ sessions, was hired and started sessions. The other two coaches were continuing regular sessions as assisting the new coach with her sessions. Since March 2020, the weekly sessions have been suspended due to the Covid-19 situation. The camp has been closed from entry, including the project coordinator Oday. Nonetheless, via internet and phone, together with Peace and Sport the ITTF Foundation made attempts to keep the project going online and offer opportunities online were made:

- Ping Pong Alkmaar club training sessions with the Za’atari coaches
- Coaches training in the East Asia Coaching Session
- Peace education training for table tennis coaches
- Sessions from the coaches to the participants, providing them a raquet and ball at home to practice

However, a longer-term solution remains to be found and internet for the coaches is limited.

**STILL PENDING**
- Support online activities and solution for the coaches and participants during the pandemic
- Travel to monitor, evaluate and launch the integration and inclusion section of the project
- Organise regular activities outside the camp in neighbouring Mafraq club
- Female coach to start delivering sessions specifically towards persons with disabilities and girls
- Integrate the coaches further in qualifications and table tennis development for refugees

**Project description**
Refugees with disabilities face double discrimination due to their ethnic origin as well as their disability status. Negative stereotypes and lack of awareness and education results in persons with a disability not being able to access sport, and thus not obtaining the associated benefits sport provides. The Dream Building with Refugees project aims to address this by providing access to para sport for refugees living in Jordanian Refugee Camps.

**Aim**
Increase Participation, Improve Health Outcomes, Improve Attitudes & Inclusion

People with a Disability, Refugees, Jordanian Community

---

**Overview 2020**

Between March 2020 and mid-July 2020, the weekly sessions had been suspended due to the Covid-19 situation. The camp was closed from entry, including to our Jordanian coach Yousef. Since the end of July, the coach has been able to go back to deliver the sessions twice a week to persons with and without disabilities. Thanks to a collaboration with the Noor Al Hussain Foundation, the participation numbers with a physical disability have increased since August as they organise accessible transport to the training center. Due to the Covid-19 situation however, this stopped again in October, as numbers rose in Jordan and persons with disabilities are considered at risk. The ITTF Foundation is working together with the coach and UNHCR towards a solution for 2021.

**STILL PENDING**
- Restarting regular inclusive sessions with regular participation of persons with disabilities
- Work with Care and UNHCR to find a solution for training and employment of coaches
- Expand the sessions to the care centers and train camp staff
- Organise an open day and tournament in the camp
- Identify participants who could undergo a coaching or umpire training and train them
- Find a sustainable long term support and solution for the project
Emergency Relief Fund

The Emergency Relief Fund (ERF) has been established in 2019 by the ITTF Foundation as a means to respond to disasters.

The ITTF has a long history of responding to disasters and contributing to relief efforts through table tennis. In the last 15 years, the ITTF has responded to several natural disasters accompanying the victims with tailored projects including human resources, equipment and financial support. Some of them lasted for years like the actions taken in Haiti after the tremendous earthquake that hit them in 2010 – just to name a few:

2004: Tsunami in Asia
2008: Solomon Islands Road to Recovery – Civil war
2009: Hurricane Assistance in Cuba, Haiti, Jamaica – Hurricane
2011: Haiti Recovery – Earthquake
2016: Table Tennis for NepALL – Earthquake

What is available through ERF?

The grant can be used in the one or more of the following four categories:

- Equipment
- Finances
- Human Resources
- Facility

The Dream Building team will review and critically analyse each proposal through a two-stage application process. Eligibility and level of funding is dependant on three key areas: level of disaster, TT community affected and strength of project proposal. If an applicant is successful in stage 1, the ITTF Foundation will nominate the maximum funding available and request a more detailed project proposal. All application information can be found on the ITTF Foundation website.

First ERF support donated in 2020

In 2020, the Iran Table Tennis Federation was the first Member Association to be supported. The ERF started as a pilot project with the Iran Table Tennis Federation asking for support due to the catastrophic floods. In March 2019, flash floods hit 28 provinces in northern and southwestern Iran. This resulted in an urgent humanitarian crisis due to the severity of the impact; 16.3 million people (13%) of the population were affected, leaving 500,000 homeless and 2 million people requiring humanitarian assistance. An estimated US$ 1 billion damage to agriculture, infrastructure and historical places occurred with the hardest hit provinces being Golestan, Khuzestan, Ilam and Lorestan. A donation of more than EUR 10,000 worth of equipment was donated to the Member Association who is in charge of dispatching these through the regions most affected. What remained of the ERF 2020 funds was reallocated to TTUnited.

What do we understand by “Disaster”?

A disaster is a sudden, calamitous event that seriously disrupts the functioning of a community or society and causes human, material, economic or environmental losses that exceed the community or society’s ability to cope using its own resources. Though often caused by nature, disasters can have human origins.
DREAM BUILDING FUND
OVERVIEW

What is the Dream Building Fund?
The TT Dream Building Fund (DBF) is an ITTF Foundation annual call aiming to select projects it will support for a period of 2-3 years. The selected projects all identify a specific local issue they wish to transform, linked to one or more UN Sustainable Development Goals (SDGs). All the projects supported through the Dream Building Fund focus on the social and educational role of table tennis as a tool to improve an aspect of human welfare in their local reality. The expected impact results for the beneficiaries of these projects are therefore not based on table tennis performance but rather on the improvement of a targeted aspect of their local reality through the use of table tennis.

Dream Building Approach
The Dream Building Fund is based on:
• The idea of partnership where every stakeholder contributes to the success of the project. The support of the Dream Building Fund is therefore not solely financial but also includes value in kind support for resources, expertise, knowledge, equipment, etc.
• Theory of Change; a methodology used for planning, participation and evaluation to promote social change. The project life cycle will therefore be based on the below model.

For children, mostly living below the poverty line, growing up in Hoima means education is a luxury. Learning to read or to write is not something that is in their future. If they cannot read or write, there are limited possibilities for them to break out of the cycle of poverty.

Hoima Network of Child Rights Clubs (HONECRIC) is convinced that sports can keep children in school and lead them to a better life. The team works together with teachers every day to offer access to quality education, develop life skills and confidence with and without disability through active participation in table tennis. Table tennis is sometimes the glue that keeps them coming back and they cannot play if they have not attended school that day. Sometimes, it is also a way to get a scholarship to secondary school.

Knowledge and skills
- Develop skills and create employment for coaches and mentors

Circumstance, quality of life or well-being
- The number of children completing primary education significantly increases
- Higher chances for a scholarship into secondary education

Points that tear down barriers – FUDELA
Project start date: 01-06-2019

Country - map: Quito, Imbabura, Santo Domingo, Esmeraldas and Sucumbíos – Ecuador

CONTEXT

Ecuador is now living an unprecedented migration flow of people fleeing from Colombia and Venezuela. As a result, regions located in northern Ecuador present high levels of refugee population, including children and youths. Most of them live in vulnerable conditions and do not have access to a good education and physical activity.

The project “Points that tear down barriers” uses table tennis as a vehicle of integration of Venezuelan and Colombian migrant, and refugee youth with the Ecuadorian community which is also living under difficult conditions in the north.

OVERALL IMPACT

OUTCOMES

Behaviour or attitude
- 50% of programme participants and their families report an improvement in attitudes towards them and others from different countries
- 100 beneficiaries who were not physically active before, now take part in regular weekly physical activity
- 100 beneficiaries display an increase in resilience in their daily lives
- 500 participants can identify different solutions to violence they can resort to in different situations

Circumstance, quality of life or well-being
- 80% of beneficiaries report having made friends and feeling part of the community
**Outputs**

- 3 coaches have developed their expertise as a coach and had access to further training (Individual Change)
- 600 youths directly reached through the project (Individual Change)
- 100 beneficiaries who were not physically active before, now have access to regular physical activity (Individual Change)

**Still Pending**

**Testimonials**

**Marilay, coach**

“A Venezuelan 13-year-old girl has motor disabilities in both legs and arms. She used to be ignored because of her condition. Due to her resultant insecurity she could not play any sport. But in the performed work sessions she has managed to adapt easily when taking the racket and overcome the first obstacles, e.g. balance between cones. With this initial motivation, she continued the activity and acquired different table tennis skills. When her mother saw this accomplishment, she was crying with joy to see her daughter empowered in this way.”

“A 10-year-old participant from the Casa Aza orphanage has speech problems, little verbal pronunciation for his age and low motor coordination due to traumatic events relating to his mother’s death and his father in prison. His responsible person has agreed with him that, if he treats himself with respect and follows the instructions in the table tennis workshops, he will continue to attend. Because he enjoys this sport so much, attends regularly and receives help from of facilitators and coaches, he handles the racket better and his behavior has made him win new friends.”
Slum Ping Pong

Project start date:
01-07-2019

Country – map:
Kampala, Uganda

CONTEXT

Poverty is prevalent in large slum areas of Kampala. Opportunities for these children are very limited in these areas. Although free education for all children at primary school level is the official discourse, parents or guardians are still expected to pay tuition fees. Many simply do not dispose of the financial means to do so.

The Slum Ping Pong project aims to use table tennis as a tool to offer children living in slums of Kampala, Uganda, access to education and a way to break the cycle of poverty by offering free regular table tennis sessions, school support, role models through slum coaches and advice where possible.

OVERALL IMPACT

4 QUALITY EDUCATION

<table>

<tr>
<th>TARGET</th>
<th>4-1</th>
</tr>
</thead>
</table>

PRIMARY IMPACT

• Individual Change

OUTCOMES

Behaviour or attitude
• To increase the self-esteem, dignity, and hope for the future among the 100 participants of the programme

Knowledge and skills
• To educate participants about leading a healthy life: eating, drugs, violence

Circumstance, quality of life or well-being
• To offer access to primary education to the 100 children living in the slums
• To develop skills of children and coaches participating in the programme that may lead them towards employability and a better quality of life
• At least 6% of participants in the programme gain access to secondary education
**OUTPUTS**

- 7 coaches have been trained as a table tennis coach (Individual Change)
- 7 coaches have a regular job and have improved their quality of life since the start of the project (Individual Change)
- 100 children take part in weekly table tennis sessions and attend school as a result of this programme (Individual Change)

**INPUTS**

- 50 beneficiaries and their families imagine a different future as community awareness has grown in seeing table tennis as a tool for education (Community Change)
- At least 10% of participants in the programme gain access to secondary education (Individual Change)
- Examples of participants displaying their increase in self-esteem, dignity, and hope for the future since joining the programme (Individual Change)

**ACTIVITIES**

- Weekly sessions run in all three schools
- Tournaments and festivals
- In 3 schools spread across Kampala: Police Children School, Home of Joy Salvation Army School (home for children with disabilities), Railway Children Primary School

**Project activities update:**

- 26-06-2020: Covid-19 Update #2: our partners in action
- 20-02-2020: Building and pushing dreams in East Africa
- 17-01-2020: Dream Building Fund Projects Making Progress – Part 2

**TESTIMONIALS**

*“What initially impressed me was that SPP was operated by a group of young, financially very poor table tennis players for the benefit of children from even poorer slum backgrounds. SPP have never taken donations or support for granted and have always been honest, open and ready to discuss. The coaches and children are proud of being part of the Slum Ping Pong family, and so am I.”*

Empowering
Inclusive leadership –

Ping Pong
Alkmaar

Project start date:
01-07-2019

Country – map:
Alkmaar, the Netherlands

CONTEXT

Ping Pong Alkmaar aims to provide an inclusive space for the whole community of Alkmaar and its surroundings. The club strives beyond the delivery of sessions open to all by building the foundations of a transparent, representative, accountable institution incorporating diversity within its leadership.

The project works closely with the Alkmaar Council and local refugee support groups to address the issue of integration in the area. The club aims to provide refugees with tools for integration, a safe space to feel included, an opportunity to learn and improve, a social network, a regular time slot for interaction, an opportunity to improve language skills and pathways towards taking on leadership roles within the club during the project life cycle.

**TESTIMONIALS**

- **Rob**, teacher
  - Special refugee classes
  - “It is amazing to see the children engaging with the robots and play – some of them have never experienced technology like this before. We are thankful because table tennis is a fun way of bringing them together, it is nice to see them playing together. They don’t have to use language, they just have to play.”

- **Yusuf Noelle**, participant in the community session
  - “It is really nice that there are so many people from different backgrounds here!”

Mathare Tables for Hope -
Talent4Development

Project start date:
01-07-2019

Country – map:
Mathare slums of Nairobi, Kenya

CONTEXT

Mathare is a collection of slums with a population of roughly 500,000 people, the majority living below the poverty line. For children growing up in the slums, daring to dream and imagining another life is not an option. Breaking the cycle of poverty when you cannot afford to learn how to read and write or have any role models to show you a different path is nearly impossible.

Through the project Mathare Tables for Hope, Talent4Development wants to give children the ability to imagine a different future and their tools of education to live their dream.

OVERALL IMPACT

Knowledge and skills
• Develop skills and create employment for coaches and mentors

Circumstance, quality of life or well-being
• The number of children completing primary education significantly increases
• Chances for a scholarship into secondary education increased

TESTIMONIALS

Joseph Owino, 26 years old, head coach

“Since we started the programme my life has really changed, my mindset is different. I feel very motivated to work hard, to help all the kids in the Academy, improving and learning everyday to become a role model for them and other youths.”

Mery Mwende, 28 years old, head volunteer and player

“When I found T4D it was like my dream came true. Now I have a second family and in the future I want to open my own table tennis academy to empower other young girls, help them achieve their dreams.”
Ping 4 Alzheimer’s
Levallois, France

Project start date:
01-04-2019

Country - map:
Levallois, France

Studies have shown that table tennis has a positive impact on brain stimulation for people with Alzheimer’s disease and that regular participation could offset and delay the effects of the disease. In using these studies, the Levallois club developed adapted table tennis sessions targeted towards persons with the disease. Table tennis offers a drug free, fun, social treatment that can help slow the progression of the disease and improve quality of life.

OUTCOMES

Behavior or attitude
- 30 persons with Alzheimer’s disease participate in regular accessible and adapted physical activity
- 600 persons in the club have developed a greater understanding of the Alzheimer’s disease since the start of the programme

Knowledge and Skills
- 5 other clubs in France partner with France Alzheimer’s and offer regular specific sessions

Circumstance, quality of life or well-being
- 30 regular participants and/or their caregivers notice an improvement in their quality of life since integrating the programme.
OUTPUTS

- 62.5% Project status: 62.5%
- 5 other clubs in France run a Ping4Alzheimers programme (Community Change)
- 600 persons in the club understand more about Alzheimer’s disease (Community Change)
- 30 Persons with Alzheimer’s disease participate regularly (Individual Change)

STILL PENDING
- Partnership formed with France Alzheimers and the FFTT around the project (Institutional Change)
- New association Ping4Alzheimers created (Institutional Change)
- Adapted accessible sessions open to persons with Alzheimer’s disease (Community Change)
- 2 coaches trained and experienced in the programme (Individual Change)
- Project awareness reached more than 2000 people (Community Change)

INPUTS

- 2 weekly 2-hour sessions
- Training development for coaches and clubs
- Regular discussions with caregiver/caretakers
- Partnership with France Alzheimer’s
- Launch of a network of clubs ready to get involved in such an initiative

Project activities update:
- 25-09-2020: Ping4Alzheimers online platform created, spreading the project from a regional to a national level
- 17-06-2020: Unexpected hours of health and happiness
- 17-01-2019: Dream Building Fund Projects Making Progress - Part 2

TT4ALL
OVERVIEW

Objectives:
+ Attract people to play table tennis on a grassroots level;
+ Promote the health and social benefits of table tennis;
+ Increase awareness of table tennis;
+ Create a sense of belonging in the worldwide table tennis family among participating table tennis enthusiasts;
+ Promote creativity in table tennis.

Aim:
All kinds of initiatives attracting more people to table tennis, including not only masses, but focussing on how to include different kinds of people in terms of age, gender, social status, culture and physical ability.

World Table Tennis Tennis Day

Each year on 6 April, we celebrate and share our passion for table tennis. We invite all table tennis lovers to celebrate this day with us. It’s about grabbing our rackets, going into our community and having fun with others. It’s about infecting more and more people with the table tennis fever. The next World Table Tennis Day is coming soon, let’s celebrate together! Spread the word and register your event to be part of our continually growing family!

World Table Tennis ‘at Home’ Day 2020
171 countries and territories played in the longest, craziest table tennis rally.

The Transformation to World Table Tennis ‘at Home’ Day 2020
In spite of the global pandemic, health and safety come first and physical activity is even more important than in “normal” times. Using the benefits of our digital era, all members of our table tennis community and beyond were invited to take part of the craziest, longest online table tennis rally. Rackets and random objects of everyday’s life were used to hit the ball or perform a trickshot in front of any table.

6 April, 2020
- The craziest longest table tennis rally was launched on social media
- A 24-hour video marathon with non-stop table tennis including original, never seen before, archived footage in HD, taking everyone down memory lane to revisit a bucket list of classic, unforgettable matches from the past and materials from our own projects and programmes.

EVERYONE, EVERYWHERE had to know that even in this difficult time, facing a severe pandemic, NO ONE IS ALONE!

2020 Original Celebration Plans
GENERAL CONCEPT
As in previous years, a main topic was decided on and newsletters were sent out to inspire people to use table tennis as a tool for development and motivate them to organise an event: TABLE TENNIS 4 ENVIRONMENT - Let’s make a change and grow together to be more popular, universal and inclusive.

By focusing on the environment, we wanted to address different types of environments, how they complement each other and especially which role table tennis can play. Of course, climate change is probably the first everyone can think of, and it is indeed an urgent matter, but we were not concentrating exclusively on the ecological environment. Our sport can have a great impact on the social, political, media and economic environment as well as contributing to a healthy environment.

For promotion purposes and to increase worldwide popularity regarding geographical distribution, we created a promo video in 5 different languages: English, French, Spanish, Portuguese and Arabic. As usual, we were planning to award the most popular, universal, inclusive and creative events.

Main Event
After celebrating the WTTD on almost every continent, it was time to go to Oceania, completing the tour around the world. This year, the Tongan Table Tennis Federation was supposed to host a fun, active, environmentally friendly and inclusive event at one of Tonga’s tourist attractions: Ha’amonga in Niutoua. Following the planned motto of TT4Environment, TTTF was partnering with the non-profit organisation No Pelesitiki (No Plastics) who advocates against the use of plastic and contributes to minimise its use in Tonga. The event should also mark the launch of the Dream Building Fund 2020 project in order to raise the awareness of the inclusion of people with a disability through table tennis.

EVERYONE, EVERYWHERE had to know that even in this difficult time, facing a severe pandemic, NO ONE IS ALONE!

**Project description**

One of the major obstacles to table tennis practice is the absence of material available, and the difficulty to acquire tables for local organisations in developing countries. A worldwide shipping of tables has an ecological impact, while a local production allows an almost neutral ecological print. After developing a manual of how to build 5 different models of handcrafted tables, the goal is now to create pedagogical content that allows to provide theoretical knowledge and a practical workshop in building handcrafted tables. Each course is held over a 5 to 7 days period.

**Aim**

To bring self-sustainability to field projects, Member Associations, clubs, and others by giving them the chance to produce their own tables and to generate their own income.

**Target group**

ALL – with a focus of the inclusion of disadvantaged groups

**Challenges faced:**

Due to Covid-19, this project is more or less on standby. Under our supervision, Ping Sans Frontières is currently working on the course material. The date for the next test course, as well for the first official course, is still on hold due to travel restrictions forced by Covid-19. Nevertheless, we took the time to think about its future and decided on a new branding: Table Building Course is now officially named Tables 4 ALL with its own logo.

**Next steps**

- Create a focus group to provide feedback about the course material.
- Presentation and approval of the manual and video content.
- Prepare a survey which will be conducted amongst the participants in order to evaluate and detect possible points of improvement.
- Conduct the first official course.

Showcasing that educational opportunities can be combined with fun as well, proven by the first test mission of the Tables 4 ALL programme in Ghana in January 2020.

OVERVIEW

Global Fundraiser campaign to support the global table tennis family members in need with Covid-19-related issues. With the TTU campaign, we collect donations worldwide to finance global Covid-19-related aid initiatives. Due to the pandemic, we are calling for donations worldwide and our global table tennis community can apply for help directly online. A balanced selection panel, which represents the ITTF Group as follows: The ITTF Athletes Commission Chairperson, the ITTF Secretary General, the ITTF Vice President in charge of Finances, the World Table Tennis Director and the ITTF Foundation Director, decides on a regular basis about the support given upon received donations.

FINANCIAL OVERVIEW

Explanation of the profit and loss account

The donations received from the founder in the reporting year, in accordance with the establishment resolution and the confirmation of financial donations of 21 February 2019 and the additional donations received, are recognised as an income in accordance with IDW RS HFA 21 (position of the Institute of Public Auditors in Germany on specific issues on the accounting of donation-collecting organisations). According to this, the donation is not immediately recognised as income at the time of receiving, but it is initially recognised as a separate item on the liabilities side: “Donations not yet used” (previous year € 161,741.36). In the reporting year, a reclassification was made into the liabilities to donors (€ 736,260.19). The release of this item to income then corresponds to the expense incurred through the statutory use of donations (year 2020: € 276,570.77; previous year € 238,382.57) and is shown in the “income from the use of donations”. Furthermore, all administrative costs (year 2020: € 58,941.63; previous year: € 41,261.33) as well as travel costs (year 2020: € 3,349.32; previous year 0.00) of the Foundation, which are necessary for the direct realisation of the purpose, are shown under “income from consumption of donations”, so that an annual result of € 0.00 is shown. With this procedure, an appropriate presentation of the period result of the current year as well as the following years is achieved.
