Financial Overview

We think green. This report is printed on recycled paper.
1.1 Summary
4th quarter 2021

In an blink of an eye we have found ourselves reaching the end of 2021.

As #TableTennisUnited Fund bagged Bronze in Sports Business Awards 2021, we have also gained new momentum in Ping Pong Diplomacy at the 2021 World Tables Tennis Championships Finals. China and the USA has joined forces in the mixed doubled, while five of the ITTF Member Associations have received the Ping Pong Diplomacy Recognitions for their continuous effort in using table tennis for peace-making.

Programmes
We are happy to share that the Dream Building Fund will be supporting six new projects targeting at various UNSDGs starting 2022. The six projects will receive financial, strategic, and technical support from the ITTF Foundation, and we cannot wait to work with them.

After a long dormant due to Covid-19, EduDrive, a Dream Building Fund 2020 initiative in Ghana is back on track. ITTF Foundation Programmes Coordinators Julia Tappendorf and Ramón Ortega-Montes have had the chance to witness positive changes, monitor and evaluate the current reality and challenges, and created a better roadmap together with EduDrive’s project leaders.

Within TT4ALL, we are slowly getting ready for the eighth World Table Tennis Day on April 6. As we dedicated this edition to the 50th anniversary of Ping Pong Diplomacy, 25 promoters have been selected worldwide to help us promote the power of table tennis in peace-making.

Taking the next step on FEMpowerment and gender equity, the ITTF Foundation has joined around 600 other international organisations in signing the Brighton Declaration and encourage ITTF Member Associations to follow, too, in supporting women and girls to freely and safely participate, compete and build careers in sport and physical activity.

As part of the TT4Health programme, our survey of the 2021 ITTF Parkinson’s World Table Tennis Championships (PWTTC) participants in Berlin reveals the need for better suited rules and classification system customed to Parkinson’s symptoms. The valuable feedback will slowly be integrated into all future editions, and we are excited to see it been implemented in Pula, Croatia, in the 2022 ITTF Parkinson’s World Table Tennis Championships.

Since its launch in June 2020, #TableTennisUnited Fund has supported 109 initiatives and individuals worldwide. Thanks to 57 generous donors and the ITTF Group, we have fundraised over USD 406.428 and will keep being the backbone of the table tennis community.

As we celebrate the biennial of Ping Pong Diplomacy, in 2021 and 2022, a new chapter has begun in Houston during the 2021 World Table Tennis Championships finals. Ping Pong Diplomacy will be the centre message of our major campaigns and events in 2022, including World Table Tennis Day 2022, and World Table Tennis Championships in Chengdu 2022.

New partnerships and future collaborations
A stronger bond has been created late October as World Table Tennis (WTT), the ITTF Commercial arm and the ITTF Foundation, the ITTF Corporate Social Responsibility arm, shook hands during WTT’s visit to the Foundation headquarter in Leipzig, Germany. Together with Matt Pound, WTT Director; Stephen Duckitt, WTT Events Strategy Director; and Iulia Necula, ITTF Group CEO’s Project Director, we were happy to exchange ideas on how to make future table tennis events more socially responsible.

Programmes Overview
Dream Building projects are inclusive, sustainable and meaningful initiatives using table tennis as a tool for development and peace
3.1.0

Disclaimer: COVID-19 update

All Dream Building projects have been greatly affected by the pandemic and their activities had to be cancelled in March 2020. In April 2020, the ITTF Foundation reallocated funds towards solutions generated by the project leaders to alleviate the impacts of Covid-19 on their communities. For most projects, the cancelled activities had a negative impact on their beneficiaries, whether it is projects in poor communities struggling to have access to food and continue their income generating activities or persons with Alzheimer’s needing social contact and physical stimulation. Through TableTennisUnited the majority of projects received additional support for hygiene kits, information, and education. Since then, the majority have been able to restart, although irregularly and with adapted measures.

In 2021, as the effect of the pandemic drags on, Dream Building Fund partners have had to shift their activities, to bring solutions and continue their work in the community.

At the ITTF Foundation, we also have to be more flexible as we support the projects through the various phases: restart, pause, plan and adapt.

For this reason, we started #TTLockdownSmiles, a series of short videos aimed at brightening up the mood and showcase examples of how projects around the world are displaying resilience through innovation and a positive outlook. Project outcomes are for most cases dropping or plateauing but we are confident they will come back stronger as they adapt their activities.

Although most projects are able to restart in different forms and for uncertain lengths of time, we hope the situation will enable the lockdowns to be lifted for the long term and that all project staff, volunteers, students, schools, families and communities will not have been too greatly impacted. We continue to support projects the best we can. We are happy to see so many projects continuing their activities and look forward to the day all projects will be able to continue actions without interruptions.

Highlights 4th Quarter
Regular sessions are taking place, including sessions delivered by our female coach who focuses on delivering sessions for girls and persons with disabilities.

Achieved Outcomes
- Table tennis has become more popular in the camp.
- The project improves the community’s skills of discipline and teamwork, and supports the participants in their rehabilitation.
- Increase of girls participating especially since hiring a female coach.

Next steps
- Work towards an exit in 2022 where the expertise from the coaches and programme can continue to contribute to the life of the camp
- Organise a single tournament for boys
- Organise a WTTD celebration on 31 March with separate activities for boys and girls.

</tr>
</tbody>
</table>
Highlights 4th Quarter
Regular sessions are taking place with 14 participants, incl. 6 female and 5 athletes with a disability

Challenges faced:
• Potential Covid-19 lockdown in camp
• Persons with disabilities less able to go to training as considered at risk
• Identify participants who could undergo a coaching or umpire training

Next steps
• Get a better picture of the local interest for sessions
• Work with Care and UNHCR to find a solution for training and employment of coaches
• Look at expanding the sessions to the care centers and training the staff
• Wait until travel is possible again to plan an open day and tournament in the camp and potentially invite refugees from the Zaatari camp or find online alternative
• Work together with AGITOS Foundation towards an exit strategy
TT Dream Building Fund is a biennial call for projects aiming to support changemakers implementing their ideas to solve problems within their communities through table tennis. These projects aim to make a contribution towards one of the 17 UN Sustainable Development Goals.

Education to success – HONECRIC

Project start date: 01-10-2012

Country – map: Hoima, Uganda

CONTEXT

For children, mostly living below the poverty line, growing up in Hoima means education is a luxury. Learning to read or to write is not something that is in their future. If they cannot read or write, there are limited possibilities for them to break out of the cycle of poverty.

Hoima Network of Child Rights Clubs (HONECRIC) is convinced that sports can keep children in school and lead them to a better life. The team works together with teachers every day to offer access to quality education, develop life skills and confidence with and without disability through active participation in table tennis. Table tennis is sometimes the glue that keeps them coming back and they cannot play if they have not attended school that day. Sometimes, it is also a way to get a scholarship to secondary school.

Points that tear down barriers – FUDELA

Project start date: 01-06-2019

Country – map: Quito, Imbabura, Santo Domingo, Esmeraldas and Sucumbíos – Ecuador

CONTEXT

Ecuador is now living an unprecedented migration flow of people fleeing from Colombia and Venezuela. As a result, regions located in northern Ecuador present high levels of refugee population, including children and youths. Most of them live in vulnerable conditions and do not have access to a good education and physical activity.

The project “Points that tear down barriers” uses table tennis as a vehicle of integration of Venezuelan, Colombian migrant, and refugee youth with the Ecuadorian community who is also living under difficult conditions in the north.

**TESTIMONIALS**

"A 10-year-old participant from the Casa Aza orphanage has speech problems, little verbal pronunciation for his age and low motor coordination due to traumatic events relating to his mother’s death and his father in prison. His responsible person has agreed with him that, if he treats himself with respect and follows the instructions in the table tennis workshops, he will continue to attend. Because he enjoys this sport so much, attends regularly and receives help from of facilitators and coaches, he handles the racket better and his behavior has made him win new friends."

"A Venezuelan 13-year-old girl has motor disabilities in both legs and arms. She used to be ignored because of her condition. Due to her resultant insecurity she could not play any sport. But in the performed work sessions she has managed to adapt easily when taking the racket and overcame the first obstacles, e.g. balance between cones. With this initial motivation, she continued the activity and acquired different table tennis skills. When her mother saw this accomplishment, she was crying with joy to see her daughter empowered in this way."

Slum Ping Pong

Project start date:
01-07-2019

Country – map:
Kampala, Uganda

CONTEXT

Poverty is prevalent in large slum areas of Kampala. Opportunities for these children are very limited in these areas. Although free education for all children at primary school level is the official discourse, parents or guardians are still expected to pay tuition fees. Many simply do not dispose of the financial means to do so.

The Slum Ping Pong project aims to use table tennis as a tool to offer children living in slums of Kampala, Uganda, access to education and a way to break the cycle of poverty by offering free regular table tennis sessions, school support, role models through slum coaches and advice where possible.

OVERALL IMPACT

• Individual Change
OUTCOMES

**Behaviour or attitude**
- To increase the self-esteem, dignity, and hope for the future among the 100 participants of the programme

**Knowledge and skills**
- To educate participants about leading a healthy life: eating, drugs, violence

**Circumstance, quality of life or well-being**
- To offer access to primary education to the 100 children living in the slums
- To develop skills of children and coaches participating in the programme that may lead them towards employability and a better quality of life
- At least 6% of participants in the programme gain access to secondary education
**Outputs**

**Tick Box**
- 7 coaches have been trained as a table tennis coach (Individual Change)
- 7 coaches have a regular job and have improved their quality of life since the start of the project (Individual Change)
- 100 children take part in weekly table tennis sessions and attend school as a result of this programme (Individual Change)
- Examples of participants displaying their increase in self-esteem, dignity, and hope for the future since joining the program (Individual Change)

**Still Pending**
- 100 beneficiaries and their families imagine a different future as community awareness has grown in seeing table tennis as a tool for education (Community Change)
- At least 10% of participants in the programme gain access to secondary education (Individual Change)

**Project Status:** 66.7%
ACTIVITIES

- Weekly sessions run in all three schools
- Tournaments and festivals
- In 3 schools spread across Kampala: Police Children School, Home of Joy Salvation Army School (home for children with disabilities), Railway Children Primary School

Project activities update:
- 26-06-2020: Covid-19 Update #2: our partners in action
- 20-02-2020: Building and pushing dreams in East Africa
- 17-01-2020: Dream Building Fund Projects Making Progress – Part 2

TESTIMONIALS

Mark Winter, Director of Slum Ping Pong

“What initially impressed me was that SPP was operated by a group of young, financially very poor table tennis players for the benefit of children from even poorer slum backgrounds. SPP have never taken donations or support for granted and have always been honest, open and ready to discuss. The coaches and children are proud of being part of the Slum Ping Pong family, and so am I.”

Empowering Inclusive leadership – Ping Pong Alkmaar

Project start date: 01-07-2019

Country – map: Alkmaar, the Netherlands

CONTEXT

Ping Pong Alkmaar aims to provide an inclusive space for the whole community of Alkmaar and its surroundings. The club strives beyond the delivery of sessions open to all by building the foundations of a transparent, representative, accountable institution incorporating diversity within its leadership.

The project works closely with the Alkmaar Council and local refugee support groups to address the issue of integration in the area. The club aims to provide refugees with tools for integration, a safe space to feel included, an opportunity to learn and improve, a social network, a regular time slot for interaction, an opportunity to improve language skills and pathways towards taking on leadership roles within the club during the project life cycle.

OVERALL IMPACT

TESTIMONIALS

Rob, teacher Special refugee classes

“It is amazing to see the children engaging with the robots and play – some of them have never experienced technology like this before. We are thankful because table tennis is a fun way of bringing them together, it is nice to see them playing together. They don’t have to use language, they just have to play.”

Yusuf Noelle, participant in the community session

“It is really nice that there are so many people from different backgrounds here!”

Mathare Tables for Hope - Talent4Development

**Project start date:**
01-07-2019

**Country – map:**
Mathare slums of Nairobi, Kenya

**CONTEXT**

Mathare is a collection of slums with a population of roughly 500,000 people, the majority living below the poverty line. For children growing up in the slums, daring to dream and imagining another life is not an option. Breaking the cycle of poverty when you cannot afford to learn how to read and write or have any role models to show you a different path is nearly impossible.

Through the project Mathare Tables for Hope, Talent 4 Development gives children the ability to imagine a different future and their tools of education to live their dream.

**Joseph Owino, 26 years old, head coach**

"Since we started the programme my life has really changed, my mindset is different. I feel very motivated to work hard, to help all the kids in the Academy, improving and learning everyday to become a role model for them and other youths."

**Mery Mwende, 28 years old, head volunteer and player**

"When I found T4D it was like my dream came true. Now I have a second family and in the future I want to open my own table tennis academy to empower other young girls, help them achieve their dreams."
Studies have shown that table tennis has a positive impact on brain stimulation for people with Alzheimer’s disease and that regular participation could offset and delay the effects of the disease. In using these studies, the Levallois club developed adapted table tennis sessions targeted towards persons with the disease. Table tennis offers a drug free, fun, social treatment that can help slow the progression of the disease and improve quality of life.
### OUTCOMES

#### Behaviour or attitude
- 30 persons with Alzheimer’s disease participate in regular accessible and adapted physical activity
- 600 persons in the club have developed a greater understanding of the Alzheimer’s disease since the start of the programme

#### Knowledge and Skills
- 5 other clubs in France partner with France Alzheimer’s and offer regular specific sessions

#### Circumstance, quality of life or well-being
- 30 regular participants and/or their caregivers notice an improvement in their quality of life since integrating the programme.

Top-Spin to the heart of the project
The ITTF Foundation and its partner The Foundation for Global Sports Development (GSD) provide financial and knowledge support to the projects under the roof of the Dream Building Fund powered by GSD that wish to use table tennis as a tool to improve an aspect of human welfare in their local reality. The expected impact for the people involved are therefore like the TT Dream Building Fund not based on table tennis performance but rather its contribution towards one of the 17 UN SDGs.

GENDER EQUALITY

TARGET 5:1

END DISCRIMINATION AGAINST WOMEN AND GIRLS
Behavior or attitude
• Young girls and boys become gender-sensitive and change their attitudes towards gender-based stereotypes

Knowledge and skills
• Young girls and boys develop gender-sensitive leadership ability and build soft skills

Circumstance, quality of life or well-being
• Young girls and boys articulate life choices and make decisions concerning their life, leading to greater economic and social well-being
1. Create a well-structured, goal-oriented and gender-sensitive curriculum using table tennis as a tool, focusing on teaching soft skills, imbibing leadership ability and facilitating the concepts of gender, stereotypes and violence.

3. Collaborate with and engage key stakeholders (industry experts, sports associations, parents, teachers and the community) to draw their attention towards the project.

4. Build capacity of coaches, youth leaders and school teachers to understand and deliver the curriculum effectively.

5. Trained coaches deliver the programme weekly in mixed-gender groups utilising the curriculum developed, supported by youth leaders and school teachers.

6. Provide participating children with sport kits and table tennis equipment.

7. Organise mixed-gender public events, exposure matches and summer camps for the participating children.
TT4ALL makes table tennis accessible to the broad public, focusing on different kinds of people in terms of gender, social status, culture and physical ability and on the inclusion of disadvantaged groups, such as refugees, people with special needs, etc.
Celebrated each year on April 6, World Table Tennis Day celebrates the joy of playing table tennis for fun, bringing people together, focusing less on competition and more on participation and enjoyment.
2022 edition: Peace on the table

In line with the biennial celebration of the 50th anniversary of Ping Pong Diplomacy, WTTD 2022 focuses on using table tennis for peace-making and conflict resolutions. Sparked by the original event in the Japanese city of Nagoya in 1971, WTTD 2022 seeks to create friendships and build bridges between conflicted parties on both, the state and grassroots level. WTTD 2022 contributes to United Nations Sustainable Development Goal 16: Peace, Justice and Strong Institutions.

### Tables 4 ALL

**Location(s):** Worldwide  
**Status:** Pre implementation  
**Start date:** October 2019

**Project description:** One of the major obstacles to table tennis practice is the absence of material available, and the difficulty to acquire tables for local organisations in developing countries. A worldwide shipping of tables has an ecological impact, while a local production allows an almost neutral ecological print. After developing a manual of how to build 5 different models of handcrafted tables, the goal is now to create pedagogical content that allows to provide theoretical knowledge and a practical workshop in building handcrafted tables. Each course is held over a 5 to 7 days period.

**Aim:** To bring self-sustainability to field projects, Member Associations, clubs, and others by passing on the knowledge of producing tables and potentially generate own income.

**Target group:** ALL – with a focus of the inclusion of disadvantaged groups

**Project implementation:** ITTF Foundation  
Ping Sans Frontières
**Challenges faced**

As the models “Table with recycled materials” and “School desk” are quite complex and difficult to build, we were trying to come up with ways regarding the construction itself and within the explaining manuals as well to make it easier and more accessible for future manual users.

**Next steps**

+ Edits and approval of the manual and video contents based on the outcome from the test course and mission.
+ Prepare, conduct and evaluate the first pilot project.

We have published the results of the survey done by the participants of the 2021 ITTF Parkinson’s World Table Tennis Championships. The results reveal the need for better suited rules and classification system, as well as other insights into the tournament that would benefit future organising committees.

**Key takeaways:**

- Very few participants attended to win. The physical, mental, and social benefits of the 2021 PWTTTC were more sought after.
- Rules customed to the Parkinson’s symptoms were well-received and shall be adapted for future editions.
- A better suited classification system has been proven necessary to achieve fairness and maximise the joy of playing.
- Consolation rounds were greatly appreciated by the participants and will be preserved for future editions.

Project overview

Project Aim:
The main aim of the project is to make sports clubs more accessible and welcoming to everyone, including refugees, by developing a framework for human, inclusive and empowering coaching that nurtures good mental health.

The objectives of the project are:
1. Collect, compile and disseminate relevant research review and useful best practice examples in the field of sport and mental health.
2. Develop and promote key recommendations for educating coaches that advance the mental well-being of their sports participants. These recommendations for coaches’ education will be based on the research review and mapping study on best practices.
3. Create and implement a coaching framework that presents the academic case (based on research review) for sports and mental health in an accessible manner and utilises best practice examples to guide the learner through an educational path.
4. Produce and disseminate an accessible online learning tool, facilitating the skills development of coaches in a flexible way. This online educational content will be publicly available and free.

Project Timeline:
Project funding will run from January 1, 2020, until December 31st 2022, date at which the intellectual outputs need to be finalised. The main contribution from the ITTF Foundation will take place from October 2020 to July 2021.

Project partners:

Activities to date:
• Kick-off meeting 2-4 March in Brussels
• Monthly calls with Steering Committee
• Quarterly calls with wider partnership
• Project website launched: https://www.engso.eu/spirit-project
• Intellectual Output 1 available for download on the website
https://www.engso.eu/spirit-project
• Intellectual Output 4 finalised by ITTF Foundation

Activities to come:
• Potential meeting February 2022
Raising awareness, providing solutions and motivating engagement of the table tennis community within sustainability.
3.4 TT Legacy

We play an active part in the ITTF Sustainability Working Group, which is currently planning its strategy.

Vision:
Sustainability means to ensure table tennis. For all. For life. Forever.

Mission:
At the heart of the ITTF Group’s vision is to make table tennis accessible to all, for life and for future generations. To achieve this, the sport must consider its impact on: People, Planet and Prosperity.

• People: Table tennis can only serve, people if we closely monitor and manage our activities’ impacts on individuals and communities at large. We must ensure that our sport causes no harm and is continually used as a tool for positive change in society and a force towards reaching the United Nations Sustainable Development Goals.

• Planet: Table tennis, has a collective responsibility to protect the environment in which it is played and the finite resources it uses. The sport will work hand in hand with its stakeholders, to reduce its carbon footprint and drive innovative solutions. In addition, awareness raising aiming at consumption and behaviour changes will be developed to ensure a wider reach and brighter future for all.

• Prosperity: Table tennis, to survive, must support its own long-term economic growth without negatively impacting people and planet. We can achieve this by working on our cash flow, resource distribution and support for social businesses and technologies. We must increase our commitments to generate value beyond financial profitability for our athletes and fans.
4.1 TT@WORK

The pandemic is keeping us economically on edge. The world is in upheaval, forcing us to face unprecedented global challenges with new concepts. In order to form and establish more close, long term relationships with companies outside the existing international table tennis family, we at the ITTF Foundation have developed a new concept to fill companies with enthusiasm for table tennis in general, our entire table tennis family and our cause.

We care about table tennis. For All. For Life. We believe table tennis is popular, universal, and inclusive. And therefore, we want to bring table tennis directly into companies’ offices and factories.

In recent years, there has been increasing discussion about corporate culture — and with good reason. It is important! Corporate culture describes the working environment and working atmosphere of an organisation. It determines the values, attitude, activities, social behaviour and beliefs of the company and its employees. Corporate culture can provide a healthy balance between work and creativity. Or it can mean a very tight framework of a 9to5 job with little room for inspiration and appreciation. The competition among companies for good employees is getting increasingly fierce and ignoring corporate culture in the long run comes at a cost.

With the establishment of a table tennis oasis directly in the office or factory of our partner, we support companies in developing a modern, open minded, interactive, and integrative corporate culture. At the same time, we create a playful way of stress reduction and relaxation for the employees, many of which may even associate this with positive childhood memories.

The advantages, both for employers and employees, are obvious. Above all, health and wellbeing, but also team building, inclusiveness, interaction, concentration, creativity, and morale count among the important factors here. In other words: healthy, motivated employees who feel valued by their team and comfortable in their company’s office. A win-win situation for everyone! His could also mean the start of enduring and deep relationships with new partners for us.

After having successfully placed table tennis in companies, the second step is to organise table tennis business networking events to bring companies together to enjoy our sport in a relaxed and great atmosphere – at first locally, then regionally, nationally and finally internationally. Playful networking at the table, so to speak. Again, creating a win-win situation for all.

**TT4Health**

### Location(s)

Pilot project first in Leipzig, Germany – followed by a nationwide launch; after introduction in Germany, gradual market expansion into other European countries, other continents, and finally a global approach.

### Status

Project launch to be determined due to the pandemic.

### Project description

We bring table tennis into the office or factory of our partner

- Delivery and setup of table tennis equipment at the office
- Delivery of a starter kit
- Provision of TT@WORK table tennis software

### Aim

Development and establishment of deep long-term relationships with potential new partners of the foundation, with the aim to cooperate later also in the field of our CSR programs and projects.

### Target group

Non-table tennis related companies and bluechip companies as well as medium-sized companies and start-ups

### Business model

Annual ITTF Foundation membership fee for the provision & use of table tennis equipment and TT@WORK software.

Optional support will be offered menu-based.

### Software

TT@WORK software dashboard for companies & employees will provide the possibility to challenge each other, display match outcomes as well as player rankings, additional stats and leader boards.

### Optional support

Optional features we will provide to our partners:

- coaching classes at the office with licenced table tennis coaches
- corporate table tennis events at the office
- participation at table tennis business networking events

### Number of partners

Within the first 12 months after launch, we aim to win at least 48 new partners for the TT@WORK project.

Petra Sörling was elected President of the International Table Tennis Federation.

“I am deeply honoured to have been chosen for this position.”

Petra Sörling elected ITTF President unopposed - International Table Tennis Federation

### 4.3 International Recognitions

Since the establishment of the ITTF Foundation in 2018 we have received multiple international recognitions, for which we are very grateful.
